<http://bioge.ubbcluj.ro>

## **Field: Biology**

1. Specialization **BIOLOGY** (3 years, full time)
  - lines of study: Romanian, Hungarian

### **Selection criteria:**

- a. High school graduation exam arithmetic mean
  - 30% share of the final mark
- b. High school graduation average
  - 35% share of the final mark
- c. The arithmetic mean obtained in Biology (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>) or in Chemistry (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>)
  - 35% share of the final mark or

### **Selection criteria in case of equal arithmetic means:**

- a. The arithmetic mean of the 4 subjects in Biology or Chemistry during high school.
- b. High school graduation exam arithmetic mean;

2. Specialization **BIOCHEMISTRY** (3 years, full time)
  - line of study: Romanian

### **Selection criteria:**

- a. High school graduation exam arithmetic mean
  - 30% share of the final mark

- b. High school study years arithmetic mean
  - 35% share of the final mark
- c. The arithmetic mean obtained in Biology (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>) or in Chemistry (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>)
  - 35% share of the final mark or

**Selection criteria in case of equal arithmetic means:**

- a. The arithmetic mean of the 4 subjects in Biology or Chemistry during high school.
- b. High school graduation examination arithmetic mean;

**Field: Environmental Science**

- 1. Specialization ECOLOGY AND ENVIRONMENTAL PROTECTION (3 years, full time)
  - lines of study: Romanian, Hungarian, German (to the German line of study there can be enrolled only students who own a certificate in language competence, issued by the Goethe Institute, those who own a Sprachdiplom II. Stufe or those who have graduated a high school or a specialization in the German line of studies. Other candidates will give an elimination test in the German language, which will be held at the faculty).

**Selection criteria:**

- a. High school graduation examination arithmetic mean
  - 30% share of the final mark
- b. High school study years arithmetic mean
  - 35% share of the final mark
- c. The arithmetic mean obtained in Biology (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>) or in Chemistry (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>)
  - 35% share of the final mark or

**Selection criteria in case of equal arithmetic means:**

- a. The arithmetic mean of the 4 subjects in Biology or Chemistry during high school.
- c. High school graduation examination arithmetic mean;

**Field: Applied Engineering Sciences**

- 1. Specialization INDUSTRIAL BIOTECHNOLOGIES (4 years, full time)

- line of study: Romanian

**Selection criteria:**

- a. High school graduation examination arithmetic mean
  - 30% share of the final mark
- b. High school study years arithmetic mean
  - 35% share of the final mark
- c. The arithmetic mean obtained in Biology (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>) or in Chemistry (grades 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>)
  - 35% share of the final mark or

**Selection criteria in case of equal arithmetic means:**

- a. The arithmetic mean of the 4 subjects in Biology or Chemistry during high school.
- b. High school graduation examination arithmetic mean;

**Field: Geology**

1. Specialization GEOLOGY (3 years, full time)
  - lines of study: Romanian

**Selection criteria:**

- a. High school graduation examination arithmetic mean
  - 50% share of the final mark
- b. High school study years arithmetic mean
  - 50% share of the final mark

**Selection criteria in case of equal arithmetic means:**

- Annual arithmetic mean obtained in Physical Geography (9<sup>th</sup> grade)
- High school graduation examination arithmetic mean

**Field: Geological Engineering**

1. Specialization GEOLOGICAL ENGINEERING (4 years, full time)
  - lines of study: Romanian, Hungarian

**Selection criteria:**

- a. High school graduation examination arithmetic mean
  - 50% share of the final mark

**b. High school study years arithmetic mean**

- 50% share of the final mark

**Selection criteria in case of equal arithmetic means:**

- Annual arithmetic mean obtained in Physical Geography (9<sup>th</sup> grade)
- High school graduation examination arithmetic mean

**Admission calendar:**

**11 -15 July 2011, 9 a.m – 2 p.m – Candidates enrollment**

**18-20 July 2011, 9 a.m – 2 p.m – Candidates enrollment**

**20 July 2011 – Results of the admission exam**

**21 - 27 July 2011 – Confirmation of the occupied places**

**27 July 2011 – Redistribution of the vacant places**

**28-29 July 2011 – Confirmation of the occupied places after redistribution**
